PROFESSIONAL SUMMARY

Information Technology student with a growing interest in system supports, cybersecurity, particularly **Digital Forensics** and **Penetration Testing**. Hands-on experience with system support, basic web development, and troubleshooting across multiple operating systems and environments. Actively sharpening my skills through **TryHackMe** and **Udemy**, engaging in real-world cybersecurity labs and challenges. Familiar with industry-standard tools such as, **Nikto**, **Nmap**, **Spiderfoot**, and **Metasploit**, and experience in using **Windows**, **macOS**, **Kali Linux**, and **HTML/CSS**. Adaptable team player with a strong work ethic, eager to keep learning, apply classroom knowledge in real-world settings and contribute to a forward-thinking team.

EDUCATION

Guam Community College

Associates of Science, Information Technology

Mangilao, Guam

Fall 2022- Present

Relevant Courseworks :

Cyberops Associates

IT Essentials

Introduction to Linux

Project Management for IT

PROJECTS

- **Building Computers & Troubleshooting**
 - Built and assisted in building custom computers over a span of 3 years.
